PROFESSIONAL SUMMARY

Associate Salesforce Developer with experience in Apex, SOQL, Lightning Web Components (LWC), Flows, and Salesforce CRM customization. Skilled in designing scalable business automation solutions, integrating third-party systems, and supporting production deployments. Strong foundation in full-stack development with expertise in modern web technologies.

EDUCATION

B.Tech in Computer Science and Engineering (Lateral Entry)

Aug 2022 – Jun 2025

Chandigarh Group of Colleges, Jhanjeri (Punjab Technical University)

CGPA: 8.16 / 10

PROFESSIONAL EXPERIENCE

Growbiz Solutions

November 2025 – Present

Associate Salesforce Developer

Chandigarh, India

- Developed Salesforce CRM solutions including custom objects, custom fields, validation rules, and business process automation using Flows.
- Built Lightning Web Components (LWC) to enhance user experience and streamline business operations.
- Developed Apex classes, Apex Triggers, and optimized SOQL queries to implement business logic and improve data processing efficiency.
- Created reports and dashboards to provide actionable business insights and support operational decision-making.

Key Project: Piano Movers (Australia)

- Developed and maintained Salesforce solutions for a logistics and relocation platform, supporting quote management, work orders, scheduling, pricing configuration, and resource allocation processes.
- Designed and implemented Apex Classes, Lightning Web Components (LWC), Record-Triggered Flows, Validation Rules, and custom objects to automate business workflows and improve operational efficiency.
- Integrated Salesforce with OptimoRoute to streamline job scheduling, route optimization, and workforce management across multiple service regions.
- Investigated and resolved production issues through debug log analysis, root-cause identification, Apex enhancements, and Flow optimization, ensuring system reliability and data accuracy.
- Executed deployments, UAT support, testing, and release activities across Sandbox and Production environments using Change Sets, Git, and CI/CD practices.

Technical Skills

- **Salesforce:** Apex, SOQL, Lightning Web Components (LWC), Apex Triggers, Flows, Validation Rules, Custom Objects, Reports, Dashboards, Profiles, Permission Sets, CRM Customization
- **Languages:** Java, JavaScript, C++
- **Frontend:** HTML, CSS, JavaScript, React.js, Next.js, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js, REST API, MongoDB, MySQL, JWT Authentication
- **Tools & Platforms:** Git, GitHub, Postman, Salesforce CLI, VS Code, Vercel, Render

PROJECTS

WanderLust – Property Booking Platform [↗](#)

- Built a full-stack property listing and booking system with Node.js/Express.js backend, MongoDB/Mongoose database, and JavaScript/HTML/CSS/Bootstrap front-end, supporting 200+ mock listings.
- Integrated Mapbox for location-based search and Cloudinary for image uploads, improving user navigation and media handling efficiency.
- Implemented CRUD operations for property and booking management and responsive host/guest dashboards.
- **Tech Stack:** Node.js, Express.js, MongoDB, Mongoose, JavaScript, HTML, CSS, Bootstrap, Mapbox, Cloudinary, CRUD Operations, REST APIs, Responsive Design, Authentication

Stock Buy Sell (Zerodha-inspired Clone)

- Developed a full-stack trading platform with React.js front-end and Node.js/Express.js backend, supporting real-time simulated market data and secure JWT-based authentication.
- Implemented portfolio and order management system, enabling tracking of 1000+ simulated trades and improving order processing efficiency by 25%.
- Optimized REST APIs and MongoDB queries, reducing backend response time by 20% and ensuring scalable performance.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Bootstrap, REST APIs, JWT Authentication, CRUD Operations

INTERNSHIP

INFOTECHMON Pvt. Ltd.

June 2023 – July 2023

Web Development Intern

Mohali

- Developed responsive web pages using HTML, CSS, JavaScript, and Bootstrap with cross-browser compatibility.
- Collaborated with senior developers in Agile workflow, improving UI/UX design consistency and reducing bugs.
- Gained experience with Git version control, deployment, and agile development practices.

A2IT Online Pvt. Ltd.

Jan 2025 – June 2025

Full-Stack Web Development Intern

Mohali

- Built scalable, component-based MERN stack web applications with React.js front-end and Node.js/Express.js backend.
- Implemented React modules with routing, state management, and reusable components, improving maintainability.
- Designed and optimized RESTful APIs and MongoDB queries, improving data access efficiency by 30%.
- Implemented role-based authentication and multi-user dashboards for stakeholder access control.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, REST APIs, Authentication, CRUD Operations, State Management, Routing, Bootstrap, Git

CERTIFICATIONS

- **Java Programming** – NIIT (Core Java)
- **Web Development Program** – INFOTECHMON Pvt. Ltd. (HTML, CSS, JavaScript, React.js, Node.js, MongoDB)
- **Hack-N-Win Hackathon 2024** – Certificate of Participation (Developed full-stack web application)
- **Microsoft Certified** - Designing and Implementing a Microsoft Azure AI Solution

OTHER ACHIEVEMENTS

- **Certificate of Merit** – Nagaland Bhojpuri Samaj (Secured 80%+ in 10th Board Examination)
- **Regional Science Olympiad** – Appreciation Award (Recognized for analytical and problem-solving skills)
